

Measurement of conveyor:

	Measured dimensions	Unit
S		mm
SI		mm
T		mm
Bm (middle roll)		mm
B		mm
V° (angle of the roller stand)		°
U (Internal frame width)		mm
Belt Width		mm
Transported material		
Max capacity		ton/h
Distance/height between transport and returnpart of the belt		mm
Manufacturer		
Cable length from weigher-unit to weigher indicator		m
Placement of weigher indicator, outside or inside
